Lawsuit Filed Against County Commissioners

By Nancy Bowman

The owner of a West Milton property is suing the Board of Miami County Commissioners and a company contracted for a demolition project in 2013.

Dennis Marlow of Union, Ohio, filed the complaint against the commission of Troy in its role as operator of the county Public Health Department, also of Troy, and Mike D. Bolner, doing business as Bolner Enterprises of Laura in county Common Pleas Court.

In the suit filed earlier

this month, Marlow states he owns a residential rental unit at 126 S. Washington St. in West Milton.

Bolner Enterprises was hired in early 2013 by the public health department as part of a demolition/clean up project at a residence at 130 Washington St. in West Milton. Under the contract, Bolner Enterprises was to plug a sewer line from the Washington Street property.

According to the suit, the 130 Washington St. property and the Marlow property shared a common sewer line.

However, the health department and Bolner Enterprises allegedly “were negligent in the preparation, issuance, execution and completion of the contract by not determining that the Marlow property and the property located at 130 Washington St. shared a common sewer line.”

By capping the sewer line, sewage and waste water backed up into the Marlow property causing damage to property, unsanitary conditions, unsafe conditions and, in the end, rendered the property uninhabitable, according to the suit.

Marlow discovered the damage in 2014. He seeks in excess of \$25,000 in damages.

In an answer to the suit filed Monday, Sept. 28, Bolner wrote the work was done under agreement with the commissioners and public health. He asks for the suit’s dismissal.

The county has not yet filed an answer to the lawsuit.

The lawsuit was assigned to Judge Christopher Gee.

Downtown Country Store Opens

By Brittany Arlene Jackson

A new hole-in-the-wall country store has found its way into the heart of downtown Troy. Willoughby Hollow is a cozy candle and canvas shop that moved in next to La Piazza on the square on August 25. With a prime location between popular restaurants, the store is staying open later than many businesses on the square and boasts a variety of unique items.

The inspiration for Willoughby Hollow

came from the Kentucky roots of owner Yvonne Rupert. Yvonne’s maiden name was Willoughby and her entire family lived in the “Holler,” aunts, uncles, grandparents, and cousins. As an adolescent, Rupert moved with her immediate family to Dayton, where she grew up. Despite the change in address, she never forgot her love of the south.

Several years ago, Rupert was looking for a “Lighted Canvas” as a Christmas gift for her mother. After searching

City Seeks Grant for Duke Park

By Nancy Bowman

With Troy’s purchase of the Huelskamp Farm for \$1.5 million complete, plans continue to take shape for use of the 118 acres that will be added to the Paul G. Duke Park.

Among players in the park’s future are the city, Miami County Park District, Troy Junior Baseball and the Miracle League of the Miami Valley.

Consultants hired by the city earlier this year are working on a preliminary design plan and estimated costs for the expanded park development, said Patrick Titterington, city service and safety director. Fundraising for various park elements also is under way or being discussed.

City Council approved buying the land just north of the park off Troy-Sidney Road from Paul and Jill Huelskamp.

Council also approved sale of bond anticipation notes for the purchase. Titterington said the purchase was expected to be offset by grants and potential sale of part of the property.

Two grants for \$300,000 each already have been announced – from the Paul G. Duke Foundation and from the Robinson Fund.

The Miami County Park District, will seek another grant, also for around \$300,000, from the Clean Ohio Conservation Fund, said Scott Myers, park district executive director. The

application will be filed this fall, he said, adding he thinks the request has “a great chance” of being funded.

With that money, the district plans to buy from the city around 38 acres of the lower land abutting the Great Miami River.

“The Park District’s plan for this acreage is for it to be converted into conservation land and used as river/water protection,” Myers said.

The park district has been involved from the start of discussions about possible purchase of the farm and “recognized the potential benefits to the community,” Myers said.

“We believe it is a great partnership with the City of Troy, Troy Junior Baseball and the Park District that will greatly impact the quality of life in our community,” he said.

Troy Junior Baseball, which currently has fields at the Knoop complex nearby at County Road 25A and Eldean Road, is looking forward to having its fields at the expanded park, said Brandy Joins, junior baseball president.

“With the continued challenges at our current facility due to the flooding, we are looking forward to having a high quality complex for our kids to play,” Joins said.

“This is a great opportunity for the baseball community and are glad the city of Troy was able to obtain this property and what the future

Civic Theater Presents “Arsenic & Old Lace”

By Mike Woody

The Troy Civic Theatre will attempt to kill audiences (not really) by laughter with their presentation of the murderous comedy, ‘Arsenic and Old Lace.’ The play is about a pair of sisters who poison lonely old men at the family’s mansion and things get hilariously cha-

otic when their nephew, Mortimer, finds out and he must try and control the police and more crazy relatives. Performances of ‘Arsenic and Old Lace’ are October 2-4 and 9-10.

This is the 50th Anniversary for the Troy Civic Theatre, and in celebration of that milestone the

everywhere, the only place she could find one was at The Fairfield Mall in Beavercreek and the selection was limited. “I thought, ‘I know I’m not the only one looking for these,’” Rupert said. “It was the beginning of the idea for this place.”

Willoughby Hollow is patterned after shops found in Gatlinburg and Pigeon Forge, a favorite Rupert family get-away spot. Rupert’s aunt lives in Pigeon Forge. “We wanted to bring a little bit of the mountains and the country here,” Rupert said. “All our candies and taffy are from a supplier in Gatlinburg/Pigeon Forge area; we get our hand-dipped candles from Warm Glow Candle Company in Indiana and our jams and relishes are from an Amish company out of Shipshewana.” Rupert’s mother is actively involved in decorating and Rupert’s two sons, Zach and Kyle, and daughter, Taylor, have each taken shifts helping watch the store. Taylor recently graduated from Troy High School.

“We’ve had a lot of support from the community,” Rupert said. “People like to walk the square at night and very

York death trial delay sought

The lawyers for Hope Earnshaw-York of Tipp City and Richard Terrel of Troy have filed requests to continue their trial scheduled for early October in the death of her grandfather. William York Sr., 88, was reported missing in late May and his remains found in a Kentucky creek June 3.

Earnshaw-York, 24, has pleaded not guilty to felony indictments charging her with gross abuse of a corpse, tampering with evidence and receiving stolen property. She remains jailed on \$150,000 bail.

Terrel is charged with receiving stolen property, murder, felonious assault, gross abuse of a corpse and tampering with evidence. He has pleaded not guilty and is being held on \$750,000 bail.

Steve King, public defender, filed the request for Earnshaw-York Sept. 24 in Miami County Common Pleas Court. King said in the motion that additional information in the cases has been received and additional time is needed to study and research the information.

Jay Adams, a court-appointed lawyer for Terrel, 35, filed a request Sept. 28 to continue the trial scheduled for Oct. 6 before Judge Christopher Gee.

Adams states in Terrel's motion that he plans to file a motion to suppress in the case and more time would be needed to hear evidence in that request.

Rape statements won't be suppressed

A Miami County judge ruled Sept. 25 that a Piqua man's statements to a detective about his role in the kidnapping and rape of a special needs woman from Tipp City won't be thrown out from evidence in the case.

The lawyer for Patrick Anthony, 57, had filed a motion asking the judge to suppress statements Anthony made implicating himself in the offense to Troy police detectives.

Common Pleas Court Judge Christopher Gee noted in his decision that Anthony asked to talk to the detective about the case and was properly read his rights before he made the statements April 27.

He faces indictments of complicity to rape, kidnapping and complicity to intimidation of a witness.

The mother of the victim in her early 30s said she was picked up at her Tipp City home by friends the evening of June 27, 2014, and returned home the following morning. The mother said the behavior was not normal for her daughter, who said only that she had been with her friends.

The mother notified police when a caller to her daughter's phone told her that the woman had had sex with him the previous evening. The daughter subsequently told police she had been tied to the bed, handcuffed and raped while two people were holding down her legs, Troy police reported.

A second defendant, Harry Reedy, 58, also of Piqua, pleaded guilty in late August to rape and gross sexual imposition in the incident. He will be sentenced Oct. 13.

holds for baseball in Troy.”

The expanded park also is the selected location by the Miracle League of the Miami Valley for a Miracle League baseball field for handicapped individuals. The young non-profit charitable organization is led by President Bobby Phillips, a member of Troy City Council, who said soft contacts are being made in the organization's efforts to raise funds for the rubberized surface field and an adjacent American's With Disabilities Act compliant playground.

“It is for the whole family regardless of the ability,” Phillips said of the proposed field and playground. More information on the Miracle League is available at www.facebook.com/miracleleagueofthemiami-valley.

Titterington earlier said the city likely would sell a farmhouse and buildings that came with the property after a walk-through of the properties ended with the conclusion the house would not be, as discussed, a long-term solution for housing park maintenance staff. Staff who looked at the property along with a building inspector said, however, they thought the 2.5 acres with the house and buildings could be sold and proceeds used for a pole barn next to other structures at the existing park, he told council in an August memo.

Buying the farmland without the structures was not among options. “It was all or nothing,” he said.

The appraisal for the land buildings was \$1,075,000. The final bottom line from the owners was \$1.5 million. “We had to decide whether this amount was worth it given its potential uses and location adjacent to Duke Park,” Titterington said.

Council's vote to buy the land was unanimous.

Improvements Coming To Troy Recycling

Big improvements are coming to Troy's weekly curbside recycling program including larger recycling carts, automated service and new environmental technology. The service is at no additional cost to residents.

Rumpke is delivering 65 gallon recycling carts to Troy residences September 28 through October 2. Residents should leave their red recycling bins curbside for removal on the day of their trash/recycling collection.

The larger recycling carts are designed to encourage more recycling and reduce wind-blown litter, keeping Troy neighborhoods cleaner. The carts hold three times more than the current red bins and feature lids labeled with a complete list of recycling dos and don'ts. Acceptable recycling includes aluminum and steel cans, cartons, plastic and glass bottles and paper and cardboard. More information about recycling is always available at www.Rumpke.com.

The time and date of your trash/recycling collection will not change.

In the coming weeks, residents will receive more details about the program in the mail.

Rumpke will also begin using environmentally-friendly compressed natural gas collection trucks to pick up recycling in Troy. Compressed natural gas vehicles are quieter and generate far less emissions. These vehicles use an automated arm to collect recycling curbside.

Residents should prepare their recycling for automated collection by making certain all materials are placed entirely inside the recycling cart, and by placing the cart within two feet of the curb, with the cart wheels placed away from the street. Residents should avoid placing carts within four feet of possible obstructions such as parked cars and mailboxes.

“Studies consistently demonstrate that cart programs increase recycling,” said Mayor Michael L. Beamish “We are looking forward to increasing recycling in Troy while making a significant environmental impact.”

TFBT Names Next Executive Director

The Future Begins Today (TFBT) is happy to announce that Natalie (Allen) Rohlfs has been named the next Executive Director of the 22-year-old program that supports the education of Troy students. The current Executive Director, Cheryl Cotner, will leave the program December 1 after serving for twelve years.

Natalie Rohlfs

Rohlfs is a Troy High School graduate and a graduate of Ohio University's Scripps School of Journalism, where she earned a degree in journalism and public relations. Her most recent role has been with Urbana University as the Director of University Advancement. She was previously the Director of Annual Giving at Wright State University. Rohlfs serves as the president of

PTO at Forest Elementary School and serves on the Alumni & Friends committee at St. Patrick School.

Rohlfs has a strong family history with TFBT and shared her passion for the organization, "I've been privileged to see the many opportunities that the program (TFBT) has offered our Troy students. It is my hope that these opportunities will become something that many more families can experience." Rohlfs will begin the transition process with Cotner in October and will assume the Executive Director position on December 1.

To learn more about supporting The Future Begins Today and the opportunities that it provides, please visit www.thefuturebeginstoday.org. The Future Begins Today is a not-for-profit organization that partners with the Troy City Schools to provide additional programs and support systems for students to succeed. TFBT also provides college grants for students who otherwise might not view post-secondary education as an option.

County To Study Road Safety

By Nancy Bowman

The Miami County commissioners Sept. 24 approved a request to study curves on township and county roads for safe speed determinations and met with Sheriff Charles Cox and administrators to begin a line-by-line review of the department's \$9 million budget.

County Engineer Paul Huelskamp explained the speed study is done using a device to calculate the safe speed for the curve.

"We will use this a lot for our advance warning signs that go below the curve signs so we can state the speed limit" on that curve, he said.

It has been a number of years since the calculations were done. Federal money targeting safety will be used. The federal money of \$43,452 covers 90 percent of the \$48,280 cost. The balance will be paid out of the county road fund.

In other business, the commission authorized the county engineer's office to submit an application for Ohio Public Works Commission dollars for a project to reconstruct Kessler-Cowlesville Road west of the Rosewood Creek subdivision at Tipp City to Nashville Road.

Huelskamp said the work would include leveling pavement and placing an overlay of asphalt.

The commissioners also accepted the resigna-

tion, effective Dec. 18, of Philip Woods, county facilities maintenance technician III. Woods, who is retiring, was thanked for his service.

And, the hiring of William Collins as an investigator for the Department of Job and Family Services was approved. The position will help the department investigate benefits fraud, Teresa Brubaker, department director, told the commission in August.

The commission also spent nearly two hours meeting with sheriff's department officials to review the department budget at this point in 2015 and as proposed for 2016.

Commissioner Richard Cultice told Cox, Chief Deputy Dave Duchak and administrative assistant Rena Gumerlock he wanted to conduct the review to see where the department is financially. He said he thought the review was necessary because of a number of changes in the sheriff's office the past four to five years with the closing and then partial reopening of the county Incarceration Facility and the lay offs of employees and then resumption of hiring to again fill positions.

Only a portion of the budget was reviewed during the meeting. Another time will be scheduled to continue the review.

Area Students Meet "At the Pole"

Students at Troy High School, Troy Jr. High School, Miami East High School and Miami East Jr. High met at their school's flagpole last Wednesday morning for "See You At The Pole."

The event is a student-led time of prayer for their school, their friends, their leaders and their community.

"See You At The Pole" began in Texas in early 1990. A group of students were led to go to their school and pray. Not knowing where else to go, they gathered at the schools flagpole. That September, over 45,000 students in four states met at their school's flagpole before classes started to pray for their school.

"We're here to support and love on our kids," said Noah Walkup, Associate Pastor at True Life Community Church. He was with a group of about a dozen students at Troy High School.

The following year, over a million students participated throughout the country.

"We definitely need prayer for our schools," said Walkup.

Hayner Hits the Road!!

The Troy-Hayner Cultural Center will host a day trip to the Cincinnati BB Riverboats and Cathedral Basilica of the Assumption in Covington, KY on Wednesday, October 28, 2015. We will set sail on the BB Riverboat for a luncheon cruise down the Ohio River. The luncheon will be served buffet style, in a private dining room that will allow you to view the beautiful fall landscape as we sail down the river. After the cruise, we will head inland to the historic Cathedral Basilica of the Assumption for a docent led tour.

We will board a motor coach and depart from the Hayner at 9:15 AM on Wednesday morning and return to the Hayner at approximately 5:45 in the evening. The cost for the trip is \$68 for In District and Friends of Hayner Members, \$73 for Out of District and \$34 for kids 12-18 (when accompanied

Leaf Collection Schedule

On Monday, October 5, the City of Troy street crews will commence the annual leaf collection program. City crews have been picking up leaves on an unscheduled basis. City crews plan to make a total of three leaf collection rounds through the City. As in the past, the leaf pick-up will be by zones. A Leaf Collection Map is posted on the City website www.troyohio.gov which shows the zones and an anticipated collection schedule. A description of the zones and anticipated collection schedule is provided below.

To help provide efficient collection, residents are asked to assist by:

- Keep leaf piles free of routine yard waste, tree limbs, trash, rocks, etc. These items can damage collection equipment and delaying the collection process. See Yard Waste Collection for appropriate disposal of routine yard waste other than leaves.

- Rake leaves to the street one (1) foot out from the curb. Leaving this space between the curb and the leaves will allow for drainage of the street when it rains.

- Do not block catch basins with piles of leaves. This can plug up/reduce the flow of rainwater, causing flooding issues.

- Do not place leaf piles around or between parked cars. Leaf piles between or around parked cars will not be collected.

Residents can take their leaves to the Dye Mill Road facility in lieu of placing them in the street. The facility remains open until November 29, 2014. Residents can also place leaves in the City of Troy Yard Waste Bags (T-bags). Yard Waste Bags can be disposed of two ways - collected weekly on the regular trash collection day at the resident's curb, or taken to the Dye Mill Road Compost Facility. This schedule is to

be considered tentative, subject to weather and equipment delays. If there are questions on the leaf collection schedule, please call the City of Troy Central Service & Maintenance Facility at 335-1914 between the hours of 7:00 am - 3:30 pm, Monday through Friday.

ZONE 1: The area bound on the east by the Corporation line and Ridge Avenue, on the north and west by the Corporation line and on the south by West Main Street, south on I-75 and the Corporation line. Pick-up scheduled for Monday, Oct. 5 through Thursday, Oct. 8.

ZONE 2: Area bound by Ridge Ave. and Peters Road on the East, to include Pleasant View and Premwood; to the South Corporation line and West Corporation line to include Willowcreek. Pick-up scheduled for Friday, Oct. 9 through Wednesday, Oct. 14.

ZONE 3: Area between Ridge Ave. on the West, Peters Road on the South, South Market Street, Canal Street, Monroe Street and Miami River on the East and the Corporation line on the north. Also, the area between South Market and CSX Railroad, south of Canal Street to include Southview. Pick-up scheduled for Thursday, Oct. 15 through Tuesday, Oct. 20.

ZONE 4: Remainder of East end of town, from CSX Railroad east. Pick-up scheduled for Wednesday, Oct. 21 through Monday, Oct. 26.

ZONE 5: Sherwood area and Culbertson Heights area. Also, the remaining sections of Northeast Troy-Meadow Lawn, Heritage Hills, Gaslight Village, Northbrook and up on the hill. Pick-up scheduled for Tuesday, Oct. 27 through Friday, Oct. 30.

DOWNTOWN AREA: Leaves in this area will be picked up intermittently as time permits

Trojans Lose Nail Biter To Xenia

By Joe Wright

The Troy Trojans football team came up just short at home versus the Xenia Buccaneers falling to 1-4 on the season. The fourth quarter was filled with drama as the Trojans were down 38-14 at the start of the quarter and finished the game down three points with a chance for a heroic victory. Troy lost 45-42. "This was a heck of a game to make sure you write that down" said head coach Matt Burgbacher. "The team fought and clawed their way back, that's the kind of heart these kids have."

The first quarter started slow with each team trading possessions. Xenia booted a chip shot field goal with 7:08 in the first quarter. In the second quarter the Buccaneers took a 11 play 70 yard drive into the end zone for a 10-0 lead with 6:58 left in the half. The Trojans responded with a eight play drive capped off by a ten yard touchdown pass from quarterback Hayden Kotwica to Marc Scordia. Troy struggled in the first half and the seven points were all they could manage. Xenia finished off the half with two more touchdowns taking a commanding 24-7 lead into the locker room.

The Trojans started the third quarter establishing the running game behind Sam Jackson. Kotwica found wide receiver Zach Boyer in the end zone cutting the Bucs lead to 24-14. The Trojans defense gave up two more touchdowns through the air trailing 38-14 eight seconds into the final quarter. Troy responded instead of rolling over. Hayden Kotwica threw

a six yard touchdown pass on the next drive to receiver Zion Taylor, then found Zach Boyer in the corner of the end zone for a two point conversion. Troy was down 38-22.

Xenia put their final points on the scoreboard after a one yard scamper by the running back leading 45-22 with 8:27 remaining in the game. On Troy's first play of their next drive Kotwica found Scordia on a screen pass, who rumbled and tumbled his way 67 yards to paydirt. The Trojans were down 45-29. The Trojans defense forced a three and out on stops by defensive stars Will Brumfield and Michael Murray.

Trojans quarterback Hayden Kotwica tied a school record with his fifth touchdown pass of the game finding Zion Taylor for a 18 yard score. The two point conversion failed. Troy was down ten points with 5:11 remaining 45-35.

The Buccaneers very next play from scrimmage ended in a pick six ten yard interception for a score. The Xenia pass bounced off the receiver right into the hands of Troy's defensive back Drake McDonagh. Troy trailed 45-42 with five minutes left.

Behind a fiery crowd the Trojans defense again came up with a stop on a Xenia fourth and three forcing a turnover on downs with two minutes remaining in the game. Troy came close but not close enough after Kotwica overthrew receiver Luke Robinson for an interception seal the game for Xenia.

"There are a lot of positives to take out of this game and I'm excited for next week" said coach Burgbacher. "We have to cleanup the little things like penalties and coverages the second half of the season."

Troy stays home to face 2-3 Greenville Friday at 7pm.

Eagles Suffer First Loss Of Season

By William Avitt

Troy Christian lost their undefeated status Friday when they fell to the Covington Buccaneers in a crushing 28-14 defeat. The Eagles couldn't get ahead, trailing by at least one touchdown in every single quarter.

The Buccaneers wasted no time taking the lead, scoring 14 points in the first quarter, securing their lead for the rest of the game. It's no surprise that Covington didn't allow the Eagles a chance to even consider a rally, as Covington football tends to come from a place of domination. Head coach Dave Miller likes his guys to control every aspect of the game, from the clock to the football and even the opponent through strategic drives and passes that leave the other team little

with a 14-0 lead over the Eagles.

Troy Christian attempted their first rally in the second quarter - capitalizing on a Buccs holding penalty and trying to use Covington's own strategy against them - earning the only touchdown of the quarter. A 7-yard pass from Hayden Hartman to Chase Hayden got the Eagles six points closer to the Buccs, and a successful extra point kick by Nate Doman helped the Eagles end the half only seven points behind.

Covington opened the second half with a 65-yard run, after receiving the kick. Buccs QB Nathan Blei followed this up by throwing a 68-yard touchdown pass to Ethan Herron, regaining a two touchdown lead over the

opportunity to take charge.

"It was a great win," Miller said after the game. "The kids played really hard tonight. We made some mistakes, but the kids kept playing - moved on to the next play. They have that mentality."

Covington charged out of the gate, taking no prisoners from the very beginning. Nathan Biel scored first with a 17-yard run in the first quarter, followed by a second Buccs touchdown before the end of the first quarter. The second touchdown was scored by Ethan Herron after a 20-yard run. Covington was able to rack up successful extra points both times, ending the first quarter

Eagles.

The fourth quarter saw the Eagles try to rally a second time, and again being stifled by Covington. Much of this stifling came from Covington seniors Zach Barnes and Brandon Magee, turning the heat up on Eagles QB Hayden Hartman. Hartman was only able to throw a 19-yard touchdown pass to Chase Hayden. A 36-yard run by Jared Williams brought the Buccaneers back to their two point lead, ending the game with a 14 point victory.

Troy Christian will host the Ansonia Tigers next week, while the Buccaneers with square off against the equally ranked Tri-County North Panthers.

Troy Notes: Eagles Earn Soccer Victories

Troy Christian picked up a solid boys soccer win last week, defeating Preble Shawnee 4-1, as the Eagles were led by goals from Jacob Wynne, Kevin Smith, Jon Slone and Grant Conklin. Assists came from Seth Wynne, Jacob Wynne and Jared Tribmach.

Also last week, the Eagles defeated Dixie 3-1, as Slone recorded a hat trick, scoring all three goals for Troy Christian. Picking up the assists were Andrew Strait and Trimbach. Coach Ryan Zeman stated it was a good team win for the Eagles.

Later in the week, Troy Christian defeated Xenia Christian 3-0, behind goals from Smith, Strait and Colt Tanner, with an assist coming from Jacob Wynne. Zeman also praised outstanding defense from Tom Null, Dillon Belcher, Wes Alexander and Seth Wynne.

Troy Christian Volleyball - It was a tough five-set match last week as the Eagles defeated Bradford 14-25, 25-8, 26-24, 22-25, 15-11, giving Troy Christian the big non-conference win. Senior Jenna Bullock had a solid game for the Eagles with 21 assists, 18 digs and seven aces. Also for the Eagles, Kristen Winger added 13 digs and seven aces, while Jenna Grady had 10 blocks and nine kills.

Faith King added six blocks and kills for the Eagles.

Kathryn Lee also had 18 digs for the Eagles along with four aces, while A'maria Carter picked up five kills and six digs. Junior Emily Slone had five digs, three kills and three aces, Allison Winger had five digs and two aces, and Rachel Winters added six digs.

*The Eagles bounced back with a five set win over Yellow Springs 17-25, 25-19, 26-28, 25-19, 15-8. Lee led the Eagles to the conference win with 15 kills, 13 blocks and 11 digs. Bullock added 31 assists and 16 digs, while Grady had 13 blocks and six kills.

Kristen Winger added 35 digs for the Eagles, along with five aces, while King had eight kills and seven blocks. Freshman Allison Winger added 14 digs. Carter pitched in seven

digs and Slone had three kills.

*On Saturday, Troy Christian lost to Mississinawa Valley 25-23, 25-17, 18-25, 26-24.

Troy Girls Soccer - In a game between two of the top teams in the GWOC, Centerville defeated Troy 1-0 in a crossover girls' soccer game last week.

Troy Boys Golf - The Trojans defeated Champlaine-Julienne 156-160 last week, behind a pair of 37s from Nate Uhlenbrock and Holden Scribner. Also for Troy, Troy Moore added a 40, Tyler Lambert had a 42, Keaton Pfeiffer and Austin Rank each added 44.

Also last week, Troy placed seventh overall in the GWOC tournament. Moore led the Trojans with a 78, Scribner added an 82, Rank and Pfeiffer each had an 85, Lambert 87 and Uhlenbrock finished with a 90.

Troy Volleyball - Troy defeated Butler last week 25-16, 25-14, 25-16 in a straight set sweep at Butler High School.

Lauren Freed led Troy with 13 kills, three aces, 13 digs and 17 points, while Katie Demeo added 11 kills and 11 points. Also for Troy, Miranda Silcott added nine kills, 12 digs and nine points, Dana Wynkoop dished out 33 assists and had three aces.

Troy Christian Girls Soccer - The Eagles defeated Dixie 6-0 and Xenia Christian 3-1 last week. Riley Spoltman had two goals and two assists for Troy Christian against Dixie, Abby Baker added a goal, while Julia Biller added two assists. Kensey Blake also had a goal and assist against the Greyhounds, while Meredith Haddad also scored. Kayla Ritter scored the final goal for the Eagles.

Ritter scored again against Xenia Christian, and was joined by Rachel Plummer and Biller.

Troy Girls Golf - Troy captured a fourth place finish in the GWOC golf tournament last week at Beechwood Golf Course in Arcanum. LeeAnn Black led the way with an 85, while Hannah Wright added a 96. Also for Troy, Natalie Henson shot 100, Ali Helman 103, McKenzie Pruitt 106 and Brooke Beeler 112.

Trojans Soccer Shuts Out Trotwood

By Jim Dabbelt

As dominant as the Troy boys soccer team was against Trotwood last week, they still only led by three goals at the half. The second half of their GWOC matchup was a different story.

After peppering shots at the Rams keeper for nearly 40 minutes, they tuned up their offense production by finishing their shots and cruised to an easy 10-0 win against a winless Trotwood squad at Troy Memorial Stadium last week.

Troy consistently put pressure on the Rams keeper all night, and controlled the tempo of play for the first half of play. They had numerous chances to break through and could not find the net. Trotwood finally had a decent challenge against Troy keeper Alex Williams when they took the ball deep in Trojans territory only to miss the shot.

Henry Shaneyfelt nearly put the Trojans on the board, and those kinds of shots continued before Grant Holland scored a header into the goal, giving the Trojan a 1-0 lead with 6:20 left in the first half.

That opened the floodgates for the Trojans, as over a minute later, they added to their lead. Brandon Lewis scored on

the pass from Holland to make it 2-0, and just before the half, the Trojans added to their lead when Holland scored again in the box driving the ball past the keeper for a 3-0 Troy lead at the half.

During the second half, Troy added to their lead. Peyton Hampton and Lewis each scored twice in the second half, as did JT Yenney, Holland and Tristan West.

Second-half assists came from Yenny, Hampton, Holland, Tyler Mauk and Collin Hubbell with two assists.

Also last week, the Trojans defeated county rival Newton 3-0 in a non-conference matchup.

Troy scored with under six minutes left in the first half, as Smith took a pass from Schreiber to give the Trojans a 1-0 lead.

They scored twice more before the intermission on goals from Jake Diffenderfer Gabbard, giving the Trojans their three goal advantage, where it stood for the final 40 minutes.

* The Troy girls tied Trotwood last week 1-1 in a GWOC North battle, then came back on Saturday night and lost a heartbreaker to Bellbrook 1-0 in a non-league matchup.

Scoring the lone goal of the game against Trotwood was Alie Soitar.

What to Do in Troy

WACO Aviation Lecture Series

September 30, 7:00 - 8:00 p.m.

WACO Air Museum

On Wednesday night, September 30th, WACO Historical Society will launch the 2015-2016 WACO Aviation Lecture Series. Donald Forney, author of Eyewitness to History at Hickam Field/Pearl Harbor, will be the first presenter of the season and will speak at 7 p.m. in the Willis Wing at WACO Field. Door will open at 6:30 pm. This event is sponsored by Hospice of Miami County and the We Honor Veterans program.

Mr. Forney shares his memories about the Japanese surprise attack at Pearl Harbor and Hickam Field on December 7, 1941. His story revolves around his recollections and experiences from his viewpoint as a twelve year old boy who lived near Honolulu at the time of the event. He was an eyewitness, at close range, to those first moments during which our country was thrust into the greatest war in the history of the world.

After graduating from Texas A&M University in 1950, Forney entered the Air Force and served from 1951-1953. He attained the rank of Major, and spent his time at Wright Patterson Air Force Base, specializing in metallurgical research. This presentation is scheduled to last one hour. There is no charge for the event. Donations will be accepted to benefit WACO Historical Society and/or Hospice of Miami County. The WACO Air Museum is located at 1865 South County Road 25A, Troy, OH 45373. For more information, visit www.wacoairmuseum.org or call 937-335-9226.

Tai Chi for Health Practice

October 5, 11:00 a.m. - 12:00 p.m.

Piqua YWCA Continue to focus on improving your balance, relaxation and breathing with Tai Chi - for Health Practice with Dea Davis, facilitator. The 4 week session held on Mondays from 11 am - 12 pm begins on Monday, October 5. "New students are welcome and the pace will allow everyone to exercise with gentle, smooth and continuous movements," said Beth Royer, YWCA Program Director.

For more information on class fees, membership requirements or to register for the class, stop at the YWCA at 418 N. Wayne Street or call 773-6626. The YWCA is handicap accessible.

Self-Defense Class

October 5, 7, 12 & 14, 6:00-9:00 p.m.

Piqua YWCA The Piqua Police Department along with the YWCA Piqua are co-sponsoring a 12 hour self-defense program for women 15 years and older on Monday and Wednesday nights beginning Monday, October 5, at the YWCA Piqua located at 418 N. Wayne St. The program will be held October 5 & 12 and October 7 & 14. Classes are from 6-9 p.m. All classes are taught by Piqua Police officers who are R.A.D. (Rape Aggression Defense) Certified Instructors.

"We are so excited to be offering this class for women of all ages and abilities," said Beth

Royer, YWCA Program Director. "The Piqua Police Department's program will include discussions, lectures, defense techniques and a workbook/reference manual. This program is a great one to help a woman have the skills needed to protect themselves if an emergency should arise," continued Royer. "We hope women in school or the workforce will take advantage of this opportunity."

YWCA membership is not required to participate. All those interested in taking the course must sign up at the YWCA to fill out a form and pay the class fee beforehand. Limited scholarship assistance is also available. Participants must be able to attend all four sessions.

For more information or registration, stop at the YWCA Piqua at 418 N. Wayne St., call 773-6626, or e-mail info@ywcapiqua.com.

Women's Right to Vote Movie

October 5, 6:30 p.m.

Piqua YWCA The YWCA Public Policy committee will be showing an HBO movie based on the fight for women's right to vote on Monday, October 5, OR Monday, October 19, at 6:30 p.m.

The movie shows the initial efforts of two women to win the right to vote for all women and how this movement grows over a span of 8 years. It depicts prison time for those women on the picket line and the final vote where the amendment passes giving all women the right to vote.

"We feel that this is a very powerful movie and would like to share it with area students and the community," said Barb Davis, YWCA Public Policy Committee chairperson. "The entire movie is approximately 2 hours in length and we will condense it to a little over 60 minutes by giving an overview of the beginning of the movie as well as an introduction of the main characters prior to the showing of the last 60 minutes of the movie," said Davis. "We have also allowed some time for discussion and questions which are very valuable to those who attend," she added.

The movie is free of charge and YWCA membership is not required. The YWCA is handicap accessible.

For more information, please stop at the YWCA Piqua at 418 N. Wayne Street, call 773-6626 or e-mail info@ywcapiqua.com.

Senators Host Roundtable Discussion

Edison State Community College welcomed Ohio Senate President Keith Faber and Senator Bill Beagle to the Piqua Campus on September 22 for a roundtable discussion. Edison was selected to hold the discussion, which provided legislative updates and gathered input from business leaders, chamber members, and educational leaders from across the Miami Valley.

During the roundtable, provisions within the budget were discussed which would help the State of Ohio by lowering the cost of public higher education. Faber elaborated on the Senate's five percent challenge that encouraged colleges and universities across the state to seek methods to reduce costs by five percent. Increasing the State's share of instruction by 8.5% for Ohio's public colleges was also discussed.

"The Ohio Senate will continue to focus on the development of business-friendly initiatives in the Miami Valley and across Ohio," said Faber. "This goes hand in hand with the need to create job-training opportunities to produce the skilled workforce required in today's increasingly diverse economy. This will certainly benefit the business community and workforce alike and ensures that Ohio continues the trend of positive economic growth."

"After working in other states, it is wonderful to be back in a state that supports and values higher education. Ohio legislators understand

the role of community colleges in workforce training and transfer education and have shepherded funds accordingly—even in tough times," said Edison President, Dr. Doreen Larson.

Senators Faber and Beagle also touched on the upcoming ballot initiatives that will be placed in front of Ohio voters, specifically Issues 1 and 2 and the negative consequences that could occur if Issue 3 were to be passed. Following legislative updates, Senator Faber and Beagle fielded questions and opened the floor for suggestions from those in attendance.

Those in attendance included, Jeff Bartone, Hock's Pharmacy; Paul Broerman, Choice Comfort Services; Phil Cox, Royal Crest Agency; Jim Dromey, American Honda; Eric Joo, Miller Valentine Group and Montgomery County Fairgrounds Developer; Dick Lange, VOSS Honda; Dr. Doreen Larson, Edison; Rob Long, Dysinger and Patry; Nancy Luce, Upper Valley Career Center; Darryl Mehaffie, Edison; Scott Miller, Piqua Area Chamber of Commerce; Bud O'Brien, Miami County Commissioner and GOP Chair; Jim Pancoast, Premier Health; Kathi Roetter, Troy Area Chamber of Commerce; Kathy Sherman, Unity National Bank; Lloyd Shoemaker, TriVista Placement Services; Liz Sonnanstine, Tipp City Chamber of Commerce; Michael Van Haaren, Stillwater Technologies; and JC Wallace, Troy Area Chamber of Commerce.

Lions Club District Governor Visits Troy

The Lions Club District Governor, Micheal Gibbs made his official visit to the Troy Lions Club. The Governor traditionally makes at least one personal visit to each of the 45 Lions Clubs within his district during his one-year term of office. This visit is to inspect the local club and answer any concerns or questions. The purpose is also to directly communicate to the local Lions any district and state news. In addition to supervising the clubs with the district, Gibbs is one of ten such Governors that make up the Council of Lions responsible for running the Lions state office and activities. Gibbs will also be responsible for the district convention near the end of his term.

Gibbs thanked the local Troy Lions Club members for their community service. He especially pointed out the Sight Con-

servation Project, which provides eye exams and eyeglasses for the needy of Miami County and for the lead in the Lions preschool vision screening program that the Troy Lions have taken. He also noted the Troy annual scholarship, sponsoring the Newton Leo Club and the other youth programs of the club. Gibbs then updated the club on upcoming events of the annual leadership retreat and district convention.

The Troy Lions Club is a non-profit community service organization serving Troy, Covington, Pleasant Hill, Piqua, Tipp City, and surrounding areas of Miami County since 1942. Their primary mission is vision health. The Troy Lions Club also supports many community programs. For more information see the Lions website: www.e-club-house.org/sites/Troy_OH or call (937) 335-7345.

Troy Night Market Coming October 6

By Nancy Bowman

A new Troy Night Market featuring farmers' market vendors who grow and produce local foods and food related items will make its debut Oct. 6 from 4-7 p.m. at the downtown Troy Rec.

The market is scheduled to be open the first and third Tuesday of each month through May 17.

The market is supported by producers who are volunteers of The Miami County Food Council, which is under the guidance of the Miami County Ohio State University Extension Office.

Karen Purke, market manager, said many of the participants are involved in community farmers markets that operate during the summer at various locations around the area. The intent of the night market is to operate during the months the outdoor farmers markets are not in business.

Around 20 vendors had signed on for the market as of late last week. More were expected before the Oct. 6 opening, Purke said, Several of the vendors participated in the former Market on the Miami in

the winter months at the former Tin Roof restaurant at Treasure Island. The Treasure Island Marina building now is under renovations.

The market vendors embrace its slogan, "In Support of Local Food," Purke said, and will offer a variety of locally based food products. Among them will be homemade jams, jellies, fruit butters, baked goods, gourmet roasted coffee, herbal seasoning, mixes, tea blends, candy, honey, maple syrup, popping corn and others. A limited number of handmade kitchen/household items will be offered such as soaps and ceramic ware.

"We are concentrating on 'local foods' and the vendors will only be bringing items that are in season here in this area so that means we will not have strawberries or grapefruit this winter be-

How to Hit a Homerun with Financial Strategy

The crack of the bat. The roar of the crowd as you round the bases. While hitting a homerun in the big leagues is nothing but the stuff of dreams for most of us, baseball can serve as a wonderful analogy for our quest for financial security. Reaching retirement, or home plate, is the goal. So step up to the plate, take a swing and round the bases with these general, yet timeless financial tips about preparing for life's risks from Thrivent Financial.

First Base

Get on base by:

Creating an emergency cash fund with at least three to six months' worth of living expenses set aside. This fund is essential to cover unexpected short-term expenses, like a major car repair bill or broken furnace. Keep the funds safe and accessible in a savings or money market fund, and be sure to replenish the fund later if you draw from it for an emergency.

Purchasing property insurance that protects you and/or your business against the loss of the property or income. Auto, homeowners and business owner policies fall under this category.

If your employer does not provide health coverage, buy your own. You can't afford to be without it. If you fall ill and have to be hospitalized without health insurance, you will quickly realize that the cost of not being insured far exceeds the cost of premiums.

Second Base

As you head to second base you're approaching the middle part of your life and earnings potential. Second base is about protecting your income from a long-time illness or injury, or the death of a loved one.

Investigate disability income insurance. It's easier and cheaper to get when you're younger, and provides a benefit to replace a portion of your income if you become too sick or injured to work. It protects your most important asset – your ability to earn an income.

Life insurance is also essential. It protects your loved ones against the loss of income they would experience if you died. There are two main types – term and permanent. Both help preserve the lifestyle of your surviving family members, but permanent can also allow you to accumulate a cash benefit.

Third Base

Third base is about protecting your hard earned dollars, the assets you've accumulated for retirement or other financial goal. As you head to third, consider what types of events can lower your probability of rounding third and heading home? Two key items you should consider:

Investigate medical insurance. While many companies provide medical insurance, once you retire, the coverage usually ends. And, if you aren't eligible for Medicare you'll need to consider individual medical insurance. If you're eligible for Medicare, keep in mind it won't cover all your health-related expenses in retirement. Supplemental insurance can cover the gaps.

Long-term care insurance should also be on your mind at this stage. The coverage can provide for necessary medical or personal care services provided outside a hospital setting, such as in a nursing home or your own home.

Reaching Home

Covering all of the bases over time will help you reach home plate--protecting your retirement plans.

Estate protection is a key element of retirement income planning. This is the process of working with your legal, tax, and financial professional to arrange your financial affairs so that you have sufficient assets to meet your lifetime needs, while ensuring that your wealth will be distributed according to your wishes after your death.

A stable, solvent retirement in which you can maintain the standard of living you enjoyed while you were working is the equivalent of hitting one out of the park. With a little bit of planning, the goal can be within reach.

Letter to the Editor

To the Editor,

Michael Ham is running for the Troy City School Board of Education on November 3. A Troy High School graduate with a Bachelor of Arts in Urban Affairs from Wright State University, serving on the Troy School Board is one way Michael feels he can show his appreciation for the outstanding education he received. Deeply committed to serving the Troy community Michael's involvement is unending. He is employed by the City of Troy working on special projects to maintain and improve our unique community. In 2015 he was selected as the Chamber of Commerce Outstanding Young Man of the Year and graduated from the Edison Academy for Community Leadership. He is a 2014 graduate of Leadership Troy. Michael

serves on numerous boards including The Future Begins Today, Troy Noon Optimist, the Festival of Nations and the Miami County Republican Men's Club.

As a former TCSteacher, principal and central office administrator, I have seen Michael grow into an incredible young man who wants nothing more than to give back to the community that he credits for his many opportunities and accomplishments. Michael's high standards, intelligence and ability to articulate what he believes in would make him a valuable board member with a commitment to maintaining the Troy City School's quality of education and a vision for continued improvement as we move into the future.

Partners In Hope Present Poverty Awareness Event

On Saturday October 10th, 2015, Partners in Hope in Troy, Ohio welcomes Mr. Tony Hall as the key note speaker at its 25th Anniversary Poverty Awareness Event. The event to be held at Edison Community College in Piqua begins at 6:00pm, and advance tickets are required.

"We are honored to host Mr. Hall as part of our 25th Anniversary of service to the community. He is at the forefront of issues that affect families throughout the Miami Valley, said Executive Director of Partners in Hope Jessica Echols.

Mr. Hall is a native of Dayton Ohio and served as a member of the U.S. House of Representatives. He represented the people of the Third District of Ohio for almost twenty-four years, and was the author of legislation supporting food aid, child survival, basic education, primary health care, micro-enterprise, and development assistance programs in the world's poorest countries. Ambassador Tony Hall is also founder and former chairman of the Congressional Hunger Center, a non-governmental organization dedicated to fighting hunger by developing leaders. Three times nominated for the Nobel Peace Prize, former US Ambassador Hall is one of the leading advocates for hunger relief programs and improving international human rights conditions in the world. "Mr. Hall was appointed by President George Bush Sr. in 2002 to serve as the United States Ambassador to the United Nations Agencies for Food and Agriculture and his platform of feeding the hungry has

managed to cross party lines since he began his work in 1979. He has a firm grasp on the reality that hunger and poverty affect each of us," added Echols.

Mr. Hall, now executive director emeritus of the Washington, D.C.-based Alliance to End Hunger, Hall was recently in Dayton, after reading a story in the Dayton Daily News that reported research had found Dayton to be the "fourth hungriest" city in America, in terms of food hardship. As a result of his visit, he announced in early September that he will open an office to help unite and support efforts to make food more available. The Partners in Hope 25th Anniversary Poverty Awareness event will provide a unique opportunity to learn about his findings, and how the community can work together to create positive change.

Partners in Hope, Inc. is a non-profit organization that opened its doors to serve the community in 1990. Throughout its 25 year history, PHI has offered programs of Relief, Education, and Development to families in need. In 2014, programs and services were provided to over 2000 individuals in Troy and Casstown. It is their mission that "Through our faith in Christ and community partnerships we develop relationships that transform individual lives, families, and future generations".

Tickets to the event can be purchased online at www.partnersinhopeinc.org/get-involved/events Please email jechols@partnersinhopeinc.org, or call 937-335-0448 for more information

Arsenic & Old Lace

Continued from Page 1

2015-16 season includes a number of the most popular show that have been performed during that time span. 'Arsenic and Lace' was last done in 1972. The season concludes in May with 'You Can't Take it With You,' which was the first show done by the group fifty years ago.

The role of Mortimer, a theater critic, is played by Robert Hyer. Though Hyer has been involved with the Troy Civic Theatre since high school, 'Arsenic and Old Lace' is the largest role he's ever had. He relates to Mortimer in that he often inserts himself into the craziness of other people's lives. "He tries to solve everyone else's problems and I do that too, though things don't always go as expected. There's some twists and turns, but things eventually all work out," he said.

playing a villain.

Kaufman plays Dr. Einstein (Not Albert), a German plastic surgeon, with a bit of a drinking problem, who travels with Johnathon (villain) to change the look of his face after every crime. "The role is completely different than anything I've done before. I've never played the villain, and I also provide some comic relief which is fun, she said. "Of the two bad guys, I'm the good one. If that makes any sense."

Kaufman's talents are being used on the production in a number of ways, as she's also been painting the set pieces. Then in March, Kaufman will again take the reigns as director in March for Agatha Christie's 'The Hollow.'

'Arsenic and Old Lace' was written in 1939 by Joseph Kesselring, a film version was released in 1941, starring Cary Grant as Mortimer. The timeless

Another aspect of playing Mortimer that Hyer enjoys is all the scenes he gets to share with the other cast members. The stage often serves as a revolving door, as a collection of different characters pass through during the show. "I get to interact with all of the characters at some point," said Hyer. "The versatility to be able to act with so many people is what I love about the theater."

While in the first grade Hyer became active in the communities children's theater and then progressed into the productions at Troy High School and also the Troy Civic Theatre. He is trying to branch out into other venues and is currently also cast in a production with Urbana's community theatre group.

The show also features Jennifer Kaufman, who has worked both behind and on-stage with the Troy Civic Theatre for five years. In addition to having been part of the technical crew, Kaufman has also acted in a number of shows and has served as the director. For 'Arsenic and Old Lace' she gets to experience yet another new experience, as for the first time she is

comedy is sure to still make audiences laugh today. "All the zany characters makes it really funny. The show has some of everything, a little suspense and lots of comedy," said Kaufman.

A warning to audience members, they make experience uncontrollable fits of laughter. "There's always characters coming in and out and the comedy from that is golden. There are moments when the audience won't be able to stop laughing" said Hyer.

The cast also includes Kari Carter, Kathy Bryant, Doug Lowe, Jessica Scuba, Beth Shrake, Jackie Chamberlin, Teressa Knoch, Alan Dunavent, Joan Tuttle Smoke, Josh Lurie, and Chuck Fox. The director is Derek Dunavent.

The Troy Civic Theatre is located in the Troy City Park on Adams Street, across from the Hobart Arena. Event to Raise Breast Cancer Awareness

In recognition of Breast Cancer Awareness Month, Premier Health/Upper Valley Medical Center will hold a “Brake for Breakfast” event Sept. 30 from 6 to 10 a.m. at the UVMC Outpatient Care Center/ North, 280 N. Looney Rd., Piqua.

During the morning commute, motorists can drive through and pick up a free breakfast and helpful breast health information, while supplies last. According to the

American Cancer Society, nearly 40,000 women die annually from breast cancer. A woman's chances for survival are good if detected early.

The goal of “Brake for Breakfast” is to encourage more women 40 and older to get an annual mammogram and tell their mothers, sisters and daughters to do the same. This event is a fun way to show women that taking care of their health should be part of their daily routine. Commuters don't have to leave their cars to participate.

Premier Health offers medical imaging services at 11 locations throughout the region. Additional services such as 3D mammography, breast-specific MRI, PET/CT scans, ultrasound exams (including automated whole breast ultrasound), and image-guided biopsies performed with stereotactic technology, MRI and ultrasound, are also available.

For women with a personal or family history of breast cancer, high risk breast centers with specialized nurses, genetic counselors and other breast health experts can help develop a personalized plan to meet each woman's unique needs. Premier Health also has a mobile mammography coach to provide mammograms on-the-go for busy women in southwest Ohio.

In addition to receiving a free bagged breakfast, motorists will also have the opportunity to register to win prizes. Plus, the MIX107.7 Morning Show will be on hand to greet motorists and provide helpful information about breast cancer awareness to their many listeners.

For more information about Brake for Breakfast, visit premierhealth.com/b4b.

Edison President Named Influential Executive

The Dayton Business Journal (DBJ) has named Edison State Community College President, Dr. Doreen Larson as one of the most influential female executives in the region. The announcement was made on Thursday, September 24 at the Power 50 Reception in Dayton.

Dr. Larson was named to the prestigious list for her outstanding leadership in the region's high-

Edison President Dr. Doreen Larson, who was recently named a Power 50 recipient by DBJ is pictured with Edison Associate Program Administrator of Nursing, Jill Bobb.

er education sector.

“Being named to the Power 50 is an acknowledgment of the expanding role that Edison State Community College is playing in the Dayton region in both College Credit Plus partnerships and industry apprenticeship programs. However, we are just getting started. Our highly accessible and safe locations in

Piqua and Greenville will quickly become hubs for transfer programs and workforce pipelines alike.”

Larson, an Ohio native, became the President of Edison State Community College earlier this year. Previously, she led Pierpont Community and Technical College in Fairmont, West Virginia, where she served as President since 2010. Larson has previously held administrative positions at Holyoke Community College in Holyoke, Massachusetts, and Lakeland Community College in Kirtland, Ohio. She began her career in higher education as an Assistant Professor of Education at Kent State University in Kent, Ohio.

Larson, who has attributed much of her success to the mentors she has had throughout life, was pleased to invite Jill Bobb, Edison Associate Program Administrator of Nursing to attend the reception with her.

“I was only in my current role for two weeks when Dr. Larson offered suggestions on how to grow into this position after having been a full-time faculty member for 7 years,” said Bobb. “She offered to mentor me based on her own experiences and challenges as a woman in leadership.”

“I am honored to be in this position of working with Edison's first woman president and am anxious to learn how a strong leader can make a positive impact on the educational system,” added Bobb.

According to their website, the DBJ Editorial Board selected women for inclusion in the list, and did so based on their position within their organization, as well as their community impact.

UVMC Emergency Dept. Expands

UVMC will break ground Sept. 28 on a multi-phase emergency department (ED) expansion and renovation project.

The project, expected to take up to 18 months, will include 26,300 square feet of new construction and 16,800 square feet of renovation for a total of 43,100 square feet. The new construction will occur first, followed by a move into the new space and renovations to the existing ED.

The emergency department will remain open during the entire project. The walk-in patient entrance will remain virtually in the same location, and the ambulance entrance will shift to the east. The helipad will be relocated to the east beyond the expansion.

The number of emergency treatment rooms, currently 28, will be increased to 36 with the ability to flex up to 38 treatment beds, which includes seven specialty care treatment beds for trauma and behavior health.

The expanded ED will include medical imaging services encompassing a CT unit and X-Ray unit to provide faster turnaround. Also, renovation of medical imaging space adjacent to the ED will include the addition of a second MRI unit.

A second project component will include an additional corridor for access by ancillary services, staff and easier patient/family movement from the ED to other areas of the hospital.

“We're extremely excited about all that this expansion will provide for our community,” said Becky Rice, UVMC president and CEO. “In addition to increasing the overall ED space and treatment room size to accommodate today's patients and caregiver

needs, the project is designed with the goal of enhancing efficient flow and delivery of care for our patients and their loved ones.”

“The new ED will include a modern appeal expected in today's hospitals and features improved design and functionality, said David Cohen, MD, ABEM, medical director of emergency services. “These designs will provide for enhanced patient experience, privacy and efficiency aimed at enhancing the overall quality of care.”

“It also will benefit our health professionals with state of the art design, larger treatment rooms, centralized nursing stations, increased work stations, and efficiency of patient flow, Dr. Cohen added.”

“The expansion will be very beneficial for the people of this area,” said Diane Pleiman, UVMC vice president. “Having medical imaging equipment embedded in the emergency department is an advancement that can provide faster turnaround, especially for our critical patients where minutes count like stroke CT results,” Pleiman said.

The new ED treatment rooms will be universal rooms, meaning everything in each room is in the same location. “If you walk into any space to work, it will be the same as the next. The same-handedness allows for increased safety and more efficient care,” said Jim Hurak, UVMC vice president. “And the additional beds aim to move patients through the ED in a timelier manner.”

More than 75 individuals were involved in the design and planning including registration, imaging, lab, respiratory therapy, ED staff, emergency ambulance squad representatives, and others.
